

Blockbusters Instructions

- Split your girls into 2 teams (White and Blue)
- Each team takes turns to pick a letter. This is the first letter of the answer.
- If answered correctly the tile will change to the teams colour.
- The winning team is the team who create a line of connected tiles of the same colour. Whites from top to bottom, Blues from side to side.
- If the question is answered incorrectly the tile remains yellow and can be chosen again.
- You will need to change the letters to match your own questions!

NB:

The triggers to change the tiles colours are:

To turn White – Top or bottom of the tile

To turn blue – Left or right sides of the tile.

The Mouse Icon will look like a hand when the trigger is found.
